

Auburn IHSA Team Expectations (2022-2023)

We expect a lot out of our team members. We believe that being a teammate means you work hard, show up, and be held accountable for not only yourself, but for the whole team.

1. Competitors are required to practice twice a week and non-competitors practice 10 times a semester (once a week).
2. Workouts are twice a week for competitors, once a week for non-competitors, and optional for general members with additional cost.
3. Team meetings are every other Tuesday at 6pm, attendance is required for all members unless a valid excuse is given in advance.

Failure of attendance of items 1-3 without a valid excuse results in equivalent barn work for all events missed. The team member is not permitted to practice until all missed hours have been made up.

4. The entire team volunteers at NCEA meets in both fall and spring, participates in a whole team philanthropy event, and 3 additional volunteer hours are required for each member.

If any volunteer hours are missed, the team member is required to make up equivalent hours either by attending additional NCEA meets or completing barn hours.

5. All members are expected to attend all fundraising events (benefit nights, etc.). Attendance will contribute to your meal being covered at the end of year banquet.
6. Monthly horse care is required for all team members. Groups of 2-3 will be assigned a horse to upkeep and maintain monthly. This includes bathing (if weather permits), mane pulling, clipping (muzzle, fetlocks, coronet band, ears, and bridle path), tack cleaning, and topical wound care. Equal participation of each team member is required and will be assessed throughout the year
